- **GPA:** 4.7/4.0 (Final); **SAT:** 1550/1600; 2x EJM Academic Excellence Award for Top 5% (2024 & 2025)

Experience

Altheros Capital

Los Angeles, USA

Business Development & Private Equity Intern

September 2025 – December 2025

- Research new revenue and business development opportunities across portfolio companies, identified 40+ partnership and market opportunities to scale revenue in 5 portfolio companies.
- Designed GTM strategy for new product spinoffs in portfolio company. Evaluated over 10 startup pitch competitions for exposure and potential capital access. Perform user research to inform UI/UX development.

Bank of Ireland

Paris, France

Investment Banking Summer Analyst – Leveraged Acquisitions Desk

Summer 2023 & Summer 2025

- Prepared due diligence briefs on 12 tech and industrial acquisition targets. Supported deal pipeline prioritization and client pitches. Collaborated with deal teams to analyze leveraged finance proposals.
- Engineered Python-based tools to automate risk metrics and sourcing workflows; Reduced analyst task time by 30% to enable faster review of finance proposals and internal risk modeling.

Respo.Vision

Remote & Warsaw, Poland

AI Strategy & ML Ops Intern – Office of the CEO/CTO

June 2024 – April 2025

- Interned at a startup focused on computer vision systems for sports analytics. Translated ML performance metrics into commercial insights for investor pitch presentations and an eventual \$5m Series-A round.
- Optimized data annotation pipelines in Google Cloud to boost data throughput by 35% and reduce model training time by 6 hours per iteration. Assisted in launch of a second product vertical for market entry move.

Projects & Leadership

Marshall Artificial Intelligence Association

Los Angeles, USA

Finance Project Team

September 2025 – Present

- Building an AI-powered financial fraud detection system for elderly users using NLP and audio analysis2.
- Conducting user research and canvassing care facilities to understand the most common financial scam structures to train multimodal ML models. Researching open-source models through Huggingface and Kaggle.

Assisty

Paris, France

Founder & Developer

2022 – August 2025

- Developed iOS Productivity App with AI/ML-powered task prioritization. Tested ML algorithms (max entropy, conditional random field, transfer learning) to optimize prediction accuracy and memory. Launched with 1,000 beta users and reduced crash rate by 85% with iterative bug fixes.
- Increased user engagement and daily task completion by 12% through optimizing design for student tasks.

Eagle Scout

Paris, France

Scouting America Troop 112, Transatlantic Council

June 2021 – January 2025

- Led 50-person troop; organized ceremonies for 80th Normandy D-Day Anniversary; 100-hour service project
